

INTRODUCING THE NEW ALL POWERFUL MAHINDRA S11 AUTOMATIC

# PIKUP

## THE AUTOMATIC CHOICE

**Mahindra**  
Rise.

The New Mahindra S11 Pik Up has been designed without compromise to be practical and strong, and loaded with the features you want. Generous on power with superb reliability, the Pik Up has impeccable working credentials, and powered by Mahindra's legendary 2.2 litre, 4-cylinder mHawk turbo-diesel engine. The six-speed automatic transmission delivers an impressive 103 kW of power and 320 Nm of torque, providing effortless acceleration and all the muscle you could ever need with consummate ease. It has all the essential comforts and technological advances you would expect, from the four-speaker touchscreen infotainment centre\* with Bluetooth, through to static bending headlamps\* that help you to see around dark corners. This comes with a contemporary new look including a restyled front mask with restyled headlamps and fog lamps.

S11 shown:

- 01 - Six-speed automatic transmission provides an easy ride without compromising power when you need it
- 02 - The legendary mHawk turbo-diesel engine.
- 03 - 12V charging points are available in both the front and back rows.
- 04 - Essential controls for phone, audio and cruise functions are at your fingertips on the steering wheel, keeping your hands where they should be.
- 05 - Dual airbags for driver and co-driver
- 06 - Dual projector headlamps with LED eyebrow DRLs (daytime running lamps)
- 07 - The touchscreen infotainment centre provides, Rear park assist, Bluetooth, USB/AUX support and provides the interface for the vehicle management system.

The New Mahindra S11 Pick Up responds to your every need with luxurious interiors, and is loaded with features including the touch screen infotainment system and Bluetooth with USB/AUX support.

The vehicle management system provides vehicle related information at your fingertips while the automatic temperature control will maintain the cabin just as you like it.

On the driver's side the easy to read instrument cluster keeps you in-tune with the vital statistics of your drive and journey, and the new steering wheel incorporates cruise control, audio and telephone controls to keep your hands where they should be.

Other advances include the introduction of Micro-hybrid technology that enables the engine to intelligently switch into standby mode when not in use, saving both on fuel and the environment. Rain and light sensors automatically turn the lights on in adverse lighting conditions and your wipers on in the rain. The driver's seat is fully height adjustable to ensure your perfect comfort and ride position.
